platform is committed to presenting a carefully curated selection of emerging, established and historical artists, providing visitors the opportunity to discover art works from around the world within a striking, light-filled architecturally designed space. Untitled, Miami Beach will take place on the beach at Ocean Drive and 12th Street from December 6 – December 10, 2017.

Untitled, Miami Beach's Artistic Director, Omar López-Chahoud, has worked closely with participating galleries and their artists to produce a cohesive presentation with distinctive works and projects, many of which explore important and timely themes including definitions of cultural and national identities, the significant presence of technology within today's culture and artistic practices, and various formal and conceptual approaches to photography. The sixth edition will introduce visitors to a selection of historic works in various mediums, as well as new works from some of today's most interesting emerging artists and collectives.

The extensive list of participants taking part in Untitled, Miami Beach spans 26 countries and territories including Argentina, Austria, Belgium, Brazil, Canada, Chile, Colombia, Cuba, France, Germany, Iceland, Iran, Israel, Italy, Japan, Mexico, Netherlands, Peru, Portugal, Puerto Rico, South Africa, Spain, Turkey, Uruguay, United Kingdom and the United States.

About Untitled, Art

Untitled, Art is an international, curated art fair founded in 2012 that focuses on curatorial balance and integrity across all disciplines of contemporary art. Untitled, Art innovates the standard fair model by selecting a curatorial team to identify, and curate a selection of galleries, artist-run exhibition spaces, and non-profit institutions and organizations, in discussion with an architecturally designed venue.

In January 2017 Untitled, Art launched its inaugural edition in San Francisco, CA. at Pier 70 in the Dogpatch neighborhood. The second edition of Untitled, San Francisco will be held at the iconic Palace of Fine Arts and continue to engage with a number of notable Bay Area institutions, presenting a dynamic range of international galleries, and a robust series of programs to create a week long art event. Further details will be announced in the coming weeks.
